INTERNATIONAL TRANSCRIPTS

- All applicants with transcripts from international institutions are required to submit an original transcript from each institution attended outside the United States. Additionally, a certified English language translation must be provided for all official international transcripts that are not written in English.
- Applicants who would like to transfer academic credits earned at non-U.S. institutions are also required to have their transcript(s) evaluated by World Education Services (WES) at www.wes.org, our preferred provider, or by another member of the National Association of Credit Evaluation Services (NACES). A course-by-course evaluation report must be prepared for each transcript. Please start the evaluation process as early as possible, including the submission of all required documents to WES (or another provider), in order to ensure the timely completion of the evaluation report. In addition, an admission counselor may require a transcript evaluation by WES or an NACES-approved evaluator if it is deemed a necessary part of the admission decision process, even when applicants do not want transfer credits applied to a program of interest. Instruct the provider to send the report to
